PDP Short Description The wider cutting width is designed for mowing of large and wide spaces. Self-propelled with automatic variable cutting speed, two battery ports, and Peak Power™ Technology, ideal for all day working. The cast aluminium deck gives a robust stable performance. Includes an extra-large 85L collection bag

Long Description The LMX5300SP mower has been designed with the professional user in mind. The backbone of the mower is the cast aluminium deck, which ensures that the mower is robust, stable and performs to a high level.

The dual battery ports provide Peak Power™ to the mower when more energy is needed, while the 1600W motor has ample torque, providing high power for tough cutting conditions.

Part of the Pro X range, it's ideal for professional users who demand tough and durable tools. The mower is also comfortable for all-day use with self-propelled variable speed adjustment, and adjustable handle height.

The wider cutting width is designed for mowing of large gardens or open spaces. Includes an extra-large 85L collection bag.

Packaging Contains 1x 53cm Pro X Lawn Mower [LMX5300SP]
